

In today's challenging and ever-changing environment, our top priority is the safety and well-being of our employees and the communities in which we operate. The COVID-19 pandemic has disrupted life for people around the globe.

Governor Herbert requested government to play their part and lead together to minimize the duration and depth of the health impact of the virus, while staying engaged with the economy in a way that minimizes the economic impact.

Governor Herbert also said. "At this point, these measures are purely preventative. By introducing social distancing in our communities, we are hopeful that we will limit how quickly the coronavirus spreads, which will in turn result in fewer positive cases."

We at Wayne County are trying to honor all of Governor Herbert's requests at this time. As we do our best to follow federal guidelines on social distancing, we hope our actions will help mitigate the spread of novel coronavirus. With that in mind we make the following adjustments to our office that will directly affect our community:

- As County Government officials, we have decided to limit the public access to the Wayne County Courthouse starting Friday, March 27, 2020.
- The Assessor / DMV office will be closed to public, however, we will still be working both in the office and from our individual homes.
